

PROJECT:

New Construction

Camp Bow Wow / Joliet

2230 Illinois Rt. 59
Plainfield, Illinois 60586

OWNER: John Quinn

PROJECT DESCRIPTION:

In 2021, R. Berti Building Solutions was hired to serve as General Contractor to construct the 7,566 sq. ft. **Camp Bow Wow** Dog Care facility.

R. Berti completed the project within 10 months. The wood frame building features 2 x 6 wood stud exterior walls supporting roof trusses, on a concrete foundation with a concrete slab on grade. The exterior facade features a combination of brick, siding and decorative stone. The front entrance is covered with a metal roof on thick cedar trusses with cedar posts and stone bases. The main roof composition is asphalt shingles.

The interior features 3 large indoor and outdoor play areas, 4 luxury suites and 70 spacious cabins for overnight stays. The building is protected with a fire alarm and fire sprinkler system, and also features live web cams so pet parents can check in on their dogs.
