

PROJECT:

Interior Buildout

**Advanced Urology Associates -
New Lenox Silver Cross
Medical Office Space**

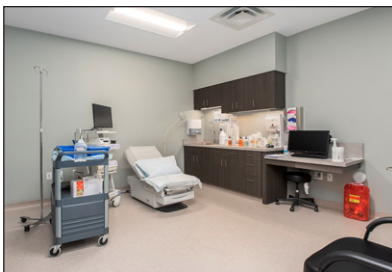

1851 Silver Cross Boulevard
Pavillion D, Suite 250
New Lenox, Illinois 60451

OWNER:

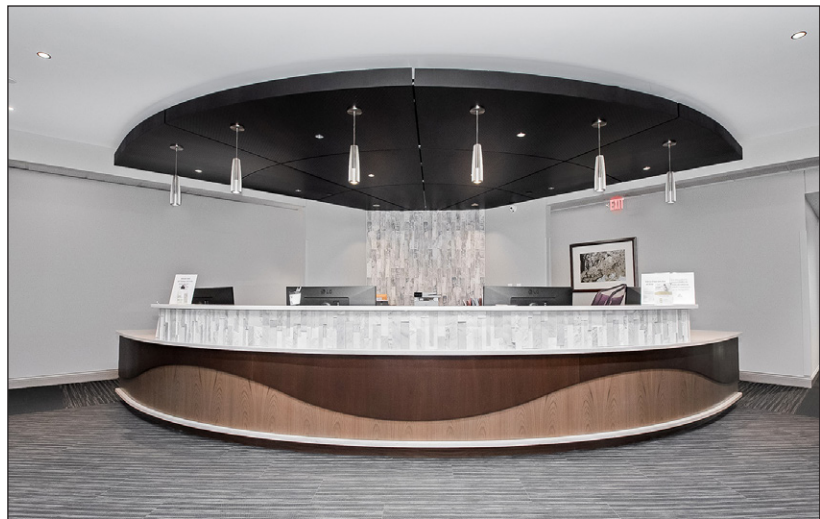

Advanced Urology Associates

PROJECT DESCRIPTION:

In 2021, Advanced Urology Associates hired R. Berti Building Solutions as General Contractor for this 15,000 square foot interior buildout of their new medical facility. The medical facility is located on the Silver Cross Hospital Campus in New Lenox, Illinois. This was a vacant space in an existing building that was completed to include exam rooms, administrative space, procedure rooms, billing and medical records and some basic diagnostic needs. This was the third project where Advanced Urology Associates had selected R. Berti to serve as their General Contractor. This project took 6 months to complete.
